Dear Municipal Official:

I am writing to you as part of our ongoing efforts to keep you apprised of developments affecting Time Warner Cable, locally known as Charter Communications subscribers in the Western New York Division.

From time to time, we make certain changes in the services that we offer in order to better serve our customers. The following changes are planned:

Pop TV (fka TV Guide) scrolling guide service will cease on or about September 12, 2016

Zap 2 It scrolling guide service will cease on or about September 12, 2016

Some of the new services listed above cannot be accessed by CableCard-equipped Unidirectional Digital Cable Products purchased at retail without additional, two-way capable equipment. You may downgrade or terminate service without charge at any time. Further, if carriage of a premium channel is discontinued and you have incurred installation, upgrade or other one-time charges relating to such premium service within six months prior to the date of the change, you may elect to downgrade or terminate service within 30 days and obtain a rebate of any such charge.

If you have any questions or concerns please feel free to contact me at 716-686-4446.

Sincerely,
